

Environmental Policy

Corry Rubber Corporation is committed to environmental affairs leadership in all its business activities. Corry Rubber Corporation has had longstanding corporate policies of providing a safe and healthy work place, protecting the environment and conserving energy and resources.

Corry Rubber Corporation ensures that personnel are properly trained and have appropriate personal protective equipment and the right tools.

Corry Rubber Corporation is an environmentally responsible neighbor in the community. It acts promptly and responsibly to correct incidents or conditions that endanger health, safety or the environment. Corry Rubber Corporation reports those incidents or conditions to authorities promptly and informs affected parties as appropriate.

Corry Rubber Corporation conserves natural resources by reusing and recycling materials, purchasing recycled materials, and using recyclable packaging and other materials.

Corry Rubber Corporation develops, manufactures and markets products that are safe for their intended use, efficient in their use of energy, protective of the environment and can be reused, or recycled.

Corry Rubber Corporation continually improves manufacturing processes that adversely affect the environment. This includes developing processes, operations and technologies to minimize waste, prevent air, water and other pollution and minimize health and safety risks.

Corry Rubber Corporation strives to continually improve environmental management systems and performance piloted by its environmental objectives and targets, which includes senior management's obligations to comply with applicable legal and other requirements.

Corry Rubber Corporation's management will conduct rigorous internal environmental audits and self-assessments of Corry Rubber Corporation's environmental policy, procedures and environmental processes.

Every employee and every contractor on Corry Rubber Corporation premises is expected to follow this policy and to report any environmental, health and/or safety concerns to Corry Rubber Corporation management. All Managers, Supervisors and employees are expected to take prompt action to maintain compliance with the requirements outline herein.

For Corry Rubber Corporation: **E. B. Ferro, President**
